Login (<https://app.tennisfolder.com>):

Open and Confirmed events can be clicked to view the details. Here is an example of the Confirmed event in the previous screen:

The screenshot shows the 'Social Play' interface for a confirmed event. At the top, there is a purple header with the text 'Social Play' and a button labeled 'Email Participants'. Below this, the event details are displayed: 'Event De', 'Sat, 05/02/20 3:00pm', 'Club One Tennis', and 'Singles Female 3.5'. A button labeled 'Add Player' is visible. The 'Notes' section contains the text 'Court 7'. Below the notes, there is a list of participants: 'Stacy Johnson' and 'Louise Jones', each with a 'Confirmed' status and a trash icon. Three callouts are present: 'Email all participants' pointing to the 'Email Participants' button, 'Add Player' pointing to the 'Add Player' button, and 'Remove Player' pointing to the trash icon next to 'Stacy Johnson'.

If you created the Social Play, you can add or remove players from the event or edit the notes for the event.

Creating Social Play Events

To create a Social Play, click the Request button (see the Figure on Page 1) and fill in options. The options allow you to customize the invitations you are sending out. When you click Submit Request, invitations are sent out and participants will fill the event on a first-come, first serve basis:

Social Play Profile

My Social Play Profile contains information of what types of Social Play events I want to participate in, and who my Friends are.

The screenshot shows the 'Social Play' profile settings page. At the top, there is a 'Request' button with a gear icon. Below this is the 'Event Preferences' section, which includes tabs for 'Profile', 'Friends', and 'Venues'. The 'Event Preferences' section is divided into 'Time Slot' and 'Play Type'.

- Request**: A callout bubble points to the gear icon next to the 'Request' button, with the text 'Click to see your Social Play Profile'.
- Add/Remove Venues**: A callout bubble points to the 'Venues' tab, with the text 'Add/Remove Venues'.
- Manage Friends**: A callout bubble points to the 'Friends' tab, with the text 'Manage Friends'.
- Types of games**: A callout bubble points to the 'Play Type' section, which includes 'Singles', 'Doubles', and 'Mixed' options.
- When I like to play**: A callout bubble points to the 'Time Slot' section, which includes 'Weekday Morning', 'Weekday Afternoon', 'Weekday Evening', 'Weekends (Before 12 pm)', and 'Weekends (After 12 pm)' options.
- Only receive private Invitations**: A callout bubble points to the 'Receive Invitations From Friends Only' checkbox, which is unchecked.
- Click to save changes**: A callout bubble points to the 'Save Preferences' button at the bottom right.

Filling out the Social Play Profile is important because it will filter the types of invitations you will receive from others.

Socialite

A Socialite can create Social Play events when they want to play instead of relying on invitations to get games together. The Socialite membership costs \$4.95 per month and it is easy to upgrade in the App. To upgrade, please upgrade on the Mobile App or contact us at support@tennisfolder.com.
